A photograph showing a massive pile of snow in the foreground, reaching a height that obscures the top of a blue city bus in the background. The bus has "to Summit" written on its destination sign. In the background, there are bare trees, a traffic light, and a large brick building, likely the courthouse mentioned in the text. The sky is overcast with grey clouds. The entire image is framed by a blue border with white diagonal lines on the right side.

Snow piles in front of
Courthouse are taller
than a city bus.

A photograph of a residential driveway completely covered in a thick layer of snow. In the background, a two-story house with a snow-covered roof and a garage is visible. The driveway is a smooth, undisturbed expanse of white snow, with a few small dark spots and thin poles visible in the distance. The scene is set in a winter environment with a clear sky.

Driveway to home under
multiple feet of snow.
